

POLYPROPYLENE DIAMOND FILTERS

Absolute rated depth cartridges

30"

	micron	material	length*	end cap	box
DFPP00-303	0.5	Polypropylene	30"	Code 3	20
DFPP00-308	0.5	Polypropylene	30"	Code 8	20
DFPP00-302	0.5	Polypropylene	30"	Code 2	20
DFPP00-307	0.5	Polypropylene	30"	Code 7	20

20"

	micron	material	length*	end cap	box
DFPP00-203	0.5	Polypropylene	20"	Code 3	20
DFPP00-208	0.5	Polypropylene	20"	Code 8	20
DFPP00-202	0.5	Polypropylene	20"	Code 2	20
DFPP00-207	0.5	Polypropylene	20"	Code 7	20

10"

	micron	material	length*	end cap	box
DFPP00-103	0.5	Polypropylene	10"	Code 3	40
DFPP00-108	0.5	Polypropylene	10"	Code 8	40
DFPP00-102	0.5	Polypropylene	10"	Code 2	40
DFPP00-107	0.5	Polypropylene	10"	Code 7	40

1"

	micron	material	length	end cap	box
DFPP00-10L	0.5	Polypropylene	1"	Code 3	20

- Absolute rated to perform within 99.98% efficiency at their stated micron rating, so you're guaranteed the same high performance time and again
- Graded density depth structure, for maximum dirt hold capacity and low initial pressure losses for increased life
- Manufactured with a one piece, high-strength structure and an internal core, using a thermal bonding process - minimises media migration and ensures no extractables
- Each cartridge is embossed with a unique identification code for total traceability
- A full validation guide is available with every cartridge
